

## Patient Portal Consent Form

Welcome to the patient portal provided here at DLC Pediatrics. This portal is provided to you free of charge and is meant to give you access to medical records about your child. This includes medications, lab results, medical history, as well as your visit notes and summaries. This is a valuable tool to help you be better informed about your child and about what we discuss as your providers in the office visit.

It is also meant to allow communication with the office via secure messaging. This includes refills and scheduling, changing or cancelling appointments.

Please review the following policy:

- Patient portal is at no cost. The information that you give us will not be sold or given away without your expressed written consent.
- Return messages will be made within one business day.
- URGENT MESSAGES will **NOT** be handled through the portal. You must call our office at (956)287-2100 if you have an urgent matter to discuss. The Portal is NOT for EMERGENCIES.
- By using patient portal, you agree to protect your password from any unauthorized use. It is your responsibility to notify us should your password be stolen. You agree to not hold Martin Garza MD PA responsible for any network infractions beyond our control.
- If you are not receiving emails from us, please check you Junk email folder prior to calling us. They may be sent there.
- Please provide an email address below that is **legible** and **accurate** as this will be the email that messages will be sent once access has been granted.
